

SATHI MIDYA

UI/UX Designer | User Research & Product Design

9+ Years Total Experience | 4+ Years in UI/UX Design & User Research

Bangalore, India · +91 96207 63967 · virgosathi71@gmail.com · [linkedin.com/in/sathimidya](https://www.linkedin.com/in/sathimidya) · [behance.net/virgosathi0041](https://www.behance.net/virgosathi0041)

PROFESSIONAL SUMMARY

UI/UX Designer and Researcher with 4+ years across B2B SaaS, healthcare and mobile apps. Research what users need, then design the solution — wireframes, Figma prototypes and full product experiences. Work closely with PMs and engineering to make sure every design is built on real user insight and delivers measurable results.

SKILLS & TOOLS

UI/UX Design: End-to-End UX Design, Interaction Design, Visual Design, Information Architecture, Wireframing, Prototyping, User Flows, Journey Maps, Mobile-first Design, Responsive Design, Accessibility (WCAG 2.1), Design Systems, Inclusive Design

User Research: User Interviews, Surveys, Usability Testing, Behavioral Analysis, A/B Testing, Research Synthesis, Personas, User Journey Maps, Data-Driven Design

Tools & Technologies: Figma (Advanced), Adobe XD, Sketch, Miro, FigJam, Maze, UsabilityHub, Google Analytics, Adobe Photoshop, Adobe Illustrator, Hotjar, Microsoft Teams

Process & Methodologies: Design Thinking, Lean UX, Agile/Scrum, Iterative Design, Design Sprints, Developer Handoff, Research Operations, Remote User Research

Collaboration: Stakeholder Management, Cross-Functional Collaboration, Design Advocacy, Team Mentoring, Project Planning, PM & Engineering Partnering

PROFESSIONAL EXPERIENCE

Scimplify Pvt. Ltd. · Bengaluru, India

Aug '24 – Present

UI/UX Designer | User Research & Product Design

- Reduced status lookup time **40%** by researching **user workflows** and designing a **high-fidelity visibility dashboard** across teams.
- Increased **R&D platform** adoption from **0% to 75%** through user research and **role-based web and mobile UX design** systems.
- Reduced **CRO profile** setup time for **60%** of users by designing an **onboarding module**, **component library** and **design system**.
- Reduced project kickoff time **30–35%** by analyzing workflows and prototyping an **end-to-end intake experience** in **Figma**.
- Streamlined **7-stage workflows 35–40%** by researching **user pain points** and designing **consolidated wireframe** experiences.
- Improved form completion rates **30%** through **usability testing** and redesigning **friction-heavy multi-step form** experiences.
- Increased data completeness from **30% to 65%** through **A/B testing** and redesigning **mandatory form field** experiences.
- Presented **R&D dashboard designs** to senior stakeholders and delivered **annotated Figma specs** for seamless **developer handoff**.
- Unified workflows across **5 teams** through **role-based UX design**, reducing manual follow-ups by **50–60%** across teams.

ABM Respiratory Care Pvt. Ltd. · Bengaluru, India

Jun '21 – Mar '24

UI/UX Designer | User Research & Product Design

- Delivered **4+** enterprise healthcare applications by managing **5 agile projects** with **100%** on-time delivery across all sprint cycles.
- Reduced user error rates by **~30%** through **user research**, **20+ interviews**, surveys and **usability testing** across **4+** healthcare apps.
- Improved product navigation and usability for **4+** apps by developing **personas**, **journey maps** and **information architecture**.
- Increased product engagement by **~20%** by designing **high-fidelity UI**, **prototypes** and **interaction flows** in **Figma** for **4+** apps.
- Reduced development time by **~25%** via **cross-functional collaboration**, **annotated Figma specs** and streamlined **UX handoffs**.
- Improved accessibility and usability across **4+** apps by applying **WCAG standards**, **responsive design** and **inclusive UX** principles.
- Secured **150+** stakeholder approvals by presenting **research-driven UX** prototypes and solutions aligned to key business goals.
- Enhanced product usability across **4+** healthcare apps through **iterative design**, **usability testing** and **user feedback loops**.

Pinnium Brands Pvt. Ltd. · Bengaluru, India

May '19 – Jun '21

UI, Graphic & Accessories Designer

- Grew e-commerce user engagement **35%** by researching **user journeys** and designing visually strong web and mobile screens in **Figma**.
- Built **20+ wireframes** and high-fidelity **Figma** prototypes that improved site navigation and helped increase overall site traffic.

Sai Lakshmi Industries Pvt Ltd. · Bengaluru, India

Oct '16 – Apr '19

Fashion & Accessories Designer

- Delivered **45+ fashion accessory designs** by conducting **user research**, on-site observation, idea sketching and prototype building.
- Collaborated with product, marketing and manufacturing teams to design and deliver **25+** on-trend fashion accessories on time.

EDUCATION

Diploma — UI/UX Design Design Boat School Pvt. Ltd., Bengaluru | 2021

Diploma — Product Development & Construction Arsutoria School, Milan, Italy | 2017

Bachelor of Design Bangalore University | 2013 – 2016
